ABOUT ME

Front-end developer with 3+ years of experience crafting responsive, accessible web applications using React.js, JavaScript, TypeScript, and modern UI libraries like MUI. I thrive in Agile environments, translating complex UI/UX requirements into intuitive, high-performance user interfaces. I've contributed to impactful digital products like the Zain Sudan CMS and Sudatel HR system while at Uranium Software, and helped deliver football analytics at Stackzy. Passionate about clean code, reusable components, and continuous learning.

TECHNICAL SKILLS

- HTML5
- JavaScript (ES6)
- ReactJS
- NextJS
- Gulpjs
- Git, GitHub
- CSS3
- TypeScript
- Redux - Redux Toolkit Query
- MUI, Bootstrap
- Sass
- SharePoint

SOFT SKILLS

- Strong Technical Expertise
- Dedication to Lifelong Learning
- Extensive Project Involvement
- Meaningful Workplace Impact
- Problem-Solving
- Team Collaboration & Communication

CERTIFICATES

- CS Fundamentals Programming at Route Academy Jan 2023
- The Complete React Developer Course Nov 2021
- The Complete JavaScript Course 2020 Oct 2020

Technology: HTML5, CSS3, JavaScript

EDUCATION

- SEP 2018 - JUNE 2021 Al-Azhar University
Faculty of Arabic Language

Self-taught front-end development via Coursera, Udemy.

WORK EXPERIENCE

- **Front-End Web Developer at Uranium** Feb 2023 - Present
Transportation Portal: Developed a responsive UI for employee trip fund requests and approval workflows with validation and backend integration.
Zain Sudan CMS: Led the frontend development of a custom content management system enabling admins to manage content independently.
Sudatel HR Attendance App: Contributed to the admin panel for tracking cross-country attendance via mobile HR system.
DMS, Silo, Violation Management: Delivered dynamic interfaces for key internal systems, optimizing user interactions and improving overall system efficiency.
 - Built scalable, enterprise-grade web apps with React.js, TypeScript, and MUI.
 - Ensured code quality using TypeScript, optimized performance, and maintained accessibility and browser compatibility.
 - Collaborated in Agile teams and participated in daily standups, sprint planning, and code reviews.
- **Front-End Web Developer at Stackzy** Mar 2022 - Jan 2023
 - Built responsive and intuitive UI components for Eleven Stats, a football analytics platform.
 - Used Next.js for server-side rendering to improve performance and SEO.
 - Transformed complex analytics into interactive visuals, helping democratize football data.
 - Delivered clean, reusable code and collaborated closely with designers and backend developers.
